

# Sam Ageloff

A product and UX-focused software engineer, web developer and technical leader, with 20 years experience.

## Technical Lead

### StockX, Detroit/Remote (Feb 2020 - Present)

- Created a full-stack web application to support Shopify integration.
- Led Scout acquisition team of Senior engineers to migrate codebase from legacy Rails app to NextJS/React.
- Scaled Scout web app globally and into 9 languages, supporting 30K+ sessions monthly.
- “Flex” team member, establishing feature-set for power-sellers, which led to 1M+ sales in a single year.
- Designed a web-based system for building, scheduling and editing manifest shipping and drop-offs, including third-party integration.
- Established and evangelized StockX “Gold” design system that is now used across the organization.
- Devised a pipeline to automate the release process via GitHub, including release notes and master to develop sync.

## Senior Software Engineer

### Ambassador, Detroit (Dec 2015 - Jan 2020)

- Built and maintained open-source libraries and design systems (React, Redux, Angular).
- Collaborated with product and design teams to fully realize app features and assess limitations.
- Architected and implemented technical specifications for upcoming work.
- Guide and mentor developers.

## Senior Web Engineer

### Huge, Brooklyn (Aug 2013 - Nov 2015)

- Develop templates and user interfaces for ThinkWithGoogle.com, Google.com/local/guides.
- Wrote and maintained code in Django templating language, and Google Closure tools.
- Implemented user interfaces by designing data models, integrating and testing.

## Web Engineer

### Food Network, New York (May 2008 - Aug 2013)

- Assisted in redesigns for flagship web properties: FoodNetwork, CookingChannelTV, and HGTV.
- Improved performance of FoodNetwork and HGTV by 15 - 20%.
- Developed and designed of a "package builder" utility, to assist editorial staff in the previewing and sharing of page layouts prior to publishing.
- Member front-end team internship program manager (2009 - 2011).
